Crave

Paris Hilton

I'm little Mrs. missing you
Day and night, it's all I do
Dreaming about empty bed with only sheets
Sleeping with the phone pressed against my cheek
I'm little Mrs. missing you
All the colors fading into blue
Withdraws from your touches overwhelming me
I want you to come home, a special delivery
(Know what you want, know what you want, know what you want)
I crave you
(Know what you want, know what you want, know what you want)
I crave you tonight
(Know what you want, know what you want, know what you want)
I crave you tonight
(Know what you want, know what you want, know what you want)
I crave you
How could I live, where would I go?
Who could I be without you?
How could I cope, who would I see?
What would I know without you?
Who could I trust, how would I sleep?
What would I do without you?
How could I speak, how would I deal?
Come home to me, I crave you
(Know what you want, know what you want, know what you want)
I crave you
(Know what you want, know what you want, know what you want)
I crave you tonight
(Know what you want, know what you want, know what you want)
I crave you tonight
(Know what you want, know what you want, know what you want)
I crave you
I'm little Mrs. missing you
I want you no one else will do
I carve you more than lollipops and chocolate
I miss your face, I'm getting desperate
I'm little Mrs. missing you
My eyes have never been so blue
I want you to come home, you're the missing link

Our hearts are gonna beat in perfect sync
(Know what you want, know what you want, know what you want)
I crave you
(Know what you want, know what you want, know what you want)
I crave you tonight
(Know what you want, know what you want, know what you want)
I crave you tonight
(Know what you want, know what you want, know what you want)
I crave you
(Know what you want, know what you want, know what you want)
I crave you
(Know what you want, know what you want, know what you want)
I crave you tonight
(Know what you want, know what you want, know what you want)
I crave you tonight
(Know what you want, know what you want, know what you want)
I crave you
