I Need Something Stronger

UNKLE

And I wrote my happiest songs
Every child may joy to you
What's wrong? Nothing but the real
It is you that needed something stronger
I need something strongerIf you have a problem
Don't hesitate
To ask for assistance
What's wrong?
What's wrong? NothingWhat's wrong?
What's wrong?
What's wrong?
Wha, wha, wha, wha, whaCan you feel this?
What is that buzzing?
Are you now, or have you ever
Moved slowly?
I need something stronger
[Incomprehensible]
