

# Pirate Girls Nine

## They Might Be Giants

Listen children, hear this story  
That will take you around the world  
In the belly of the vessels  
Stowed away nine pirate girlsNine pirate girls, pirate girls, pirate girls nine  
(One, two, three, four, five, six, seven, eight, nine)One named Polly had a parrot  
The second named Polly had a parrot too  
That's the part that is confusing  
And they were identical twinsThe third was Nancy, she was fancy  
Walked around with a fake tattoo  
And four through nine were all named Peggy  
And each one only wore one shoeNine pirate girls, pirate girls, pirate girls nine  
(One, two, three, four, five, six, seven, eight, nine)Legend grew about their daring  
Never did they walk the plank  
They all shared one golden earring  
And the truth is they all stankIf you finished all your homework  
Brushed your teeth and done your chores  
And it's not too past your bedtime  
Then your folks might tell you more of thePirate girls, pirate girls, pirate girls nine  
(One, two, three, four, five, six, seven, eight, nine)  
Pirate girls, pirate girls, pirate girls nine  
(One, two, three, four, five, six, seven, eight, nine)
