

# It's Just a Ride

## One Minute Silence

I want to hear what the man with the gun has to say  
When he says what he has to say  
I want to know why the man has a gun  
And the gun not the man keeps the world at bayI want to know what the man with the plan  
Had in mind when he said 'what will be will be'  
I want to hear what the man has to say  
What the man has to say might just save meWatch me reel them in  
Watch me reel them in  
I want to hear what the man on the street has to say  
When he says what he has to sayI want to feel what the man on the street gets to feel  
When we turn and we walk away  
I want to hear what the man at the top  
Has to say for himself on judgement dayI want to hear what the man has to say  
What the man has to say might just save me  
Watch me reel them in  
Watch me reel them inIt's just a ride, ride  
It's just a ride, ride  
It's just a ride, ride  
I want to say it to you now while I can while I am what I am while I am what I see
