

Highway Blues

Dead Bronco

Kim Simmonds-Chrysalis Music Ltd.

Standing by the highway

Looking for a ride

Standing by the highway

Looking for a ride

Sad out on the streets you know

The only friend the blues by my side

Wait a second hour

Seems like forty days

Wait a second hour

Seems like forty days

People passing by and stare

The looks they gave makes you send me in my grave

Hitch-hike on the highway

I ain't no one to fear

Hitch-hike on the highway

I ain't no one to fear

Headed for the open road

Pack on back, I'm doing what I can
