

Fat Girl (Thar She Blows)

Steel Panther

I saw her drinking beer
Eatin peanuts by the bar
I was pretty desperate and i knew she had a car
She said her name was Debbie
She was a friend Jenny Craig's
She had boobs like water melons and breathe like rotten eggs
I know your hungry
I can see it in your eyes
Cause your looking at me like I'm a side of fries
I want to take your chubby ass back to my place
And squirt my baby gravy all over your face Yaaaahh!!!Woooooah woooooah
Thar she blowsWoooooah woooooah
Thar she blowsFat girl
She everything i wanted and more
Fat girl
She can't fit through the door
woooooah woooooah
Thar she blowsI want to prove to you my feelings are for real
So I'm going to buy you a million happy meals yeah
I won't joke about your body if you only let me in
I want to sink my summer sausage into that double chin yaaaaahhhhhWoooooah woooooah
Thar she blowsWoooooah woooooah
Thar she blowsFat girl
Is riding my jock again
Fat girl
is snacking on my cock againnnnnnnnn
(ouch don't bite)(Guitar solo)My friends keep telling me i must be going blind
Cause you got cottage cheese all over your behind yeeahhh
Even though some people point and laugh at us
You can kick their ass because your bigger than a busssssssssssFat girl
I can't believe your eating again
Fat girl
Where does your neck beginWoooooah woooooah
Thar she blowsFat girl
