

# Who I Am

## Michelle Citrin

You ask me to tell you what it is I see  
You ask me to show you what I believe  
You want to be invited to my dream fantasy  
You wanna partake in my reality  
But most of all you wanna see what makes me tick  
You wanna see what it's like to be me

'Cause I wanna run where the angels have flown  
I wanna be all there is that I can be  
And I wanna solve all the world's greatest mysteries  
But most of all I wanna be me

So welcome to my world;  
it's a strange mystery  
A place where everything is free  
Doesn't cost much as an entrance fee  
The only prerequisite is individuality

'Cause I wanna run where the angels have flown  
I wanna be all there is that I can be  
And I wanna solve all the world's greatest mysteries  
Most of all I wanna be me

Brush by my side  
Maybe you'll see  
What crawls inside my skin  
What it takes to be me

'Cause I wanna run where the angels have flown  
I wanna be all there is that I can be  
And I wanna solve all the world's greatest mysteries  
But most of all I wanna be me  
This is who I am  
And you'll see, my friend  
I'm the one who searches the sky  
And questions why
