

The Essence (feat. Chaka Khan)

Herbie Hancock

This is history right here in the makin'
So call this timeless
And we're bound to keep your mind elevatin'
So this here is timeless This is pure original innovation
So call this timeless
This is somethin' to give you inspiration
So this here is timeless Timeless, priceless, survive any crisis
Born to carry on, now we on just like this
It's quite crisp, the way the tune hits your stereo
These two brothers right here gettin' props, everywhere we go More potent than any herbal essence
[Unverified] grooves verbal lessons
Dominant, prominent, eternal blessings
Never underestimate the weight of the force It's actual, classical, natural resource
Plus we manage to tear down and damage

Been down and up, so I'm roundin' up
Mad troops new recruits O G's and up Me and my right hand man Mr. Hancock make landmarks
In foreign territories true warriors, stand tough
Two livin' legends with the gifts of seven
