

Radar For Love

Kiss

Passion fire runnin' through my veins
Get a little bit of love and I go insane
I may talk big, baby, I don't lie
Ooh the guys don't know but the girls know why
Ooh girls know why, whoa oh Get down and get to it
I know you can do it
Get down and get to it
I know you can do it
Oh, oh, oh, oh Radar for love
Radar for love
I've got radar for love
Radar, ooh yeah When you feel so hot that you can't hold still
And you don't know how you're gonna get your fill
Send an S O S baby, I'm your man
If I don't make good honey no one can
Oh no one can, whoa oh Get down and get to it
I know you can do it, come on
Get down and get to it
I know you can do it
Oh, oh, oh, oh Radar for love
Radar for love
I've got radar for love
Radar ohh Radar for love
Radar for love
Radar
Radar for love, oh Aye
Yeah, one more time
Get down, ooh get down, get down
Oh, oh, oh Radar for love
Radar for love
I've got radar for love
Radar ooh baby, baby Radar for love
Radar for love
Radar for love
Radar love, n-n-n-n-now Come on
Radar, radar
Radar, radar
Radar, radar
Radar, love

Radar
(Come on)
Radar, radar
Radar, radar
(S O S, get the message sugar)
Radar, radar
