

Bring The House Down

American Juniors

Yeah yeah
Oh yeah yeah
As the night draws in let the game begin
It's a groove thing
Let your feet decide, gonna catch a ride
Keep on movin'
So let's go away
The mood can't be that hard to reach
The night will just take us there
And all you gotta do is, all you gotta do is
Bring the house down
Raise the roof and get on the floor
(House down, raise the roof, get on the floor)
Let's bring the house down
Really want to hear you shouting more, more, more
(Really want to hear some more)
Simply stay in bed with a sleepy head
Doing nothing
You can always try just to walk on
But it will pull you in
We're flying away
We fall into this fantasy
Where the groove will carry us on
And all we gotta do is, all we gotta do is
Bring the house down
Raise the roof and get on the floor
(House down, raise the roof, get on the floor)
Let's bring the house down
Really want to hear you shouting more, more, more
(Really want to hear some more)
Everybody do your thing
Let's bring the house down
Everybody spread your wings
Let's bring the house down
So let's go away
The mood can't be that hard to reach
The night will just take us there
And all you gotta do is, all you gotta do is
Bring the house down

Raise the roof and get on the floor
(House down, raise the roof, get on the floor)
Let's bring the house down
Really want to hear you shouting more, more, more
(Really want to hear some more)
Let's bring the house down
Raise the roof and get on the floor
(House down, raise the roof, get on the floor)
(Yeah oh oh oh)
Let's bring the house down
Really want to hear you shouting more, more, more
(More now)
(Really want to hear some more)
Bring the house down
(Draws in let the game begin, yeah)
Raise the roof and get on the floor
(House down, raise the roof, get on the floor)
Let's bring the house down
(Let your feet decide, gonna catch a ride, yeah)
Really want to hear you shouting more, more, more
(Yeah yeah yeah)
So let's bring the house down
