

Bleeding Heart

The Suicide Machines

Just a blank and empty store
Another number stuck in line
Generation gone nowhere
Are we all losin' our minds, our minds Things are fallin' all down
Should we let the world fall apart
Fallin' down all around
Won't let this world break my heart, no This is the last time
I let the world get the best of me
Never break me
Never gonna take me alive We humans live on misery
Born to punch the clock each day
Is there really freedom of speech
Or do we watch what we say, I say Things are fallin' all down
Should we let the world fall apart
Fallin' down all around
Won't let this world break my heart, no This is the last time
I let the world get the best of me
Never break me
Never gonna take me alive
You'll never take me alive And my heart is all mine and my mind is free
That's all the revolution, revolution that I need
And my heart is all mine and my mind is free
That's all the revolution, revolution that I need And my heart is all mine and my mind is free
And the fire it burns deep inside of me
And my heart is all mine and my mind is free
And the fire it burns deep inside of me I try to do all that I can to make a better me
Change yourself and then the world
Always speak what you believe, I believe Things are fallin' all down
Should we let the world fall apart
Fallin' down all around
Won't let this world break my heart, no This is the last time
I let the world get the best of me
Never break me
Never gonna take me alive This is the last time
I let the world get the best of me
Never break me
Never gonna take me alive
You'll never take me alive
