Iron Man

Nico Vega

You are relentless in the way that you ask me So many questions of my days in the city I wish that I could tell you something But I'm a hostage of my prideI'll take all the heat your packin' Cause I'm an Iron Man I'm an Iron ManYou are relentless in the way that you know me And I'm a sheep when it comes to explain' I wish that I could keep you happy I wish that I could keep you youngPlease forgive me for the distance But I'm an Iron Man I'm an Iron ManLa Da La Da Laaaa La Da La-Da [x 3]La La La La Laaaa La La La-Laaaa You are relentless in the way that you love me And I'm afraid of the thoughts that you're makin' I wish that I could know the difference Between your smiles and your frownsNow I'm buried in the armor Cause I'm an Iron Man
