

God Is My Refuge

Dudley Smith

When clouds of doubt hover over me
And the storm of life toss me to and from there is a place of refuge that i can go
He's a shield for every tempest and he is an anchor that's so sure and true
Well in times like these ohhhh it's good for me to know

Chorus

That God is my refuge ohhhh a strong and mighty tower that i can run to
Yessss God is my refuge ohhh thank you Lord Jesus
Without Him tell me what would i do..

Well once i wandered far from His shelter and just ahead i could not see
All those dark clouds that were heavy and full with rain
And when the winds blew hard and the billows rolled in from the raging sea
Peace came the moment ohhh i called out His name

And I know that God is my refuge
Ohh thank you Lord Jesus
Ohhh a strong and mighty tower that i can run to
Yessss God is my refuge(my refuge)
Without Him tell me what would i do

And i know that God is my refuge ohhh thank you Lord Jesus
Without Him tell me what would i do
Without him tell me what would i do
