

# Song for You

## Speedstar

If I was there to walk you home  
to your house up to your room  
tired legs and alcohol stay a while stood in your door  
cause I don't wanna wake up sad  
I don't wanna wake up sad  
I don't wanna wake up sad  
wanna wake up with you

coolest looking cigarette in your mouth touching your lips moments that were cut too short could have been  
more than its turned out so far

If I was there to walk you home to your house and up to your room tired legs and alcohol stay a while stood in  
your door

cause I don't wanna wake up sad  
I don't wanna wake up sad  
I don't wanna wake up sad  
wanna wake up with you
