

Dark Come Soon

Tegan and Sara

Dark, you can't come soon enough for me
Saved, from one more day of misery
Everything I love, get back from me now
Everyone I love, I need you now Don't forget a million miles from me
Safe, and another day can pass by me
Everything I love, get back from me now
Everyone I love, I'd need you now So what? I lied
I lied to me too
So what? I lied
I lied to me too
So what? Hold out for the ones you know will love you
Hide out from the ones you know will love you
You, you too Right to the edge, I'm barely there
Slow to make my move, I'm almost there
Everything I say, I say to me first
Everything I do, I do to me first So what? I lied
I lied to me too
So what? I lied
I lied to me too Hold out for the ones you know will love you
Hide out from the ones you know will love you
You, you too Dark, you can't come soon enough for me
