

Iyah Walk

Chronixx

Na na, Iyah walk, walk and I don't get tired

Cause I am on a journey

And I'm a conquering lion, yes I am

Iyah walk, walk and I don't get weary

Cause I am on a journey

And I'm looking for a feeling

Wait me back.. call me no man

I'm walking the walk

See I see me father reserving my honor

And reserving a place is our right

Leaving me footprints in the sand me feet

Never see me walking confidently down the street

On the open desire, confident

Try to run all that it seems

Iyah walk, walk and I don't get tired

Cause I am on a journey

And I'm a conquering lion, yes I am

Iyah walk, walk and I don't get weary

Cause I am on a journey

And I'm looking for a feeling

Mistaking us for watch man

Enough time to drive past in the rain and splash me

But no face me, now watch

Four wheels, me no arm

Show me how ..

Momma ask me

Daddy for ills and violence

Says that's the way test my mommy

Walk by your son, buy me a bun...

Iyah walk, walk and I don't get tired

Cause I am on a journey

And I'm a conquering lion, yes I am

Iyah walk, walk and I don't get weary

Cause I am on a journey

And I'm looking for a feeling
