## Go On

## **Jack Johnson**

In my rear view
I watch you watching the twilight
Behind the telephone lines

With nothing to prove, or to assume

Just thinking if your thoughts are different than mineIn my rear view

I watch you

I give you your life

Would you give me mine? I see you slowly swim away

'Cause the light is leaving town

To a place that I cant be

Theres no apologiesJust go on

Just go on

Theres still so many things

I wanna to say to youBut go on

Just go on

Were bound by blood thats moving

The moment that we started

The moment that we started see perfect little lives

Watch the shadows of the clouds

And the surface of the ocean

Out the window of a planeI get nervous when I fly

Im used to walking with my feet

Turbulence is like a sigh

That I cant help but over thinkWhat is the purpose of my life

If it doesnt ever do

With learning to let go?

Live vicariously through You could do the same

Its the least you could do

'Cause its a lonely little chain

If you dont add to itSo go on

Just go on

Theres so many things

I wanna say to youBut go on

Just go on

Were bound by blood and love

The moment that we startedJust go on

Just go on

Theres still so many things

I wanna say to youJust go on

Just go on
We're bound by blood that's moving
The moment that we started
The moment that we started
