

Crawled Out of the Sea (Interlude)

[Laura Marling](#)

Oh you crawled out of the sea
Straight into my arms,
Straight into my arms Oh you crawled out of the sea
Straight into my arms,
Straight into my arms Oh you crawled out of the sea
Straight into my arms,
Straight into my arms Oh you crawled out of the sea
Straight into my arms,
Straight into my arms (Repeat until the end [=])
