Walk That Path Alone

Jasta

Its Starting again
Its so vivid
Same disdain
Same results
You expect different
Its a weakness
Now the mirrors deceptiveCondemned to live
Horror Lies Within
In the end
You walk that Path alone
FUCKTake the deepest look into your eyes
You think Ill stand above your grave and cry?
This life is for the living
And now I choose to surviveCondemned to live
Horror Lies Within
In the end
You walk that path
You walk that path
You walk that path aloneYOU WALK THAT PATH ALONEAlone in the womb
Alone in the world
Alone in the grave
In your fucking grave
Alone in the womb
Alone in the world
Alone in the grave
In your grave
Alone
You walk that path alone
FUCK
