## Robotic Empire

I'm tearing up across your face  
Move dust through the light  
To find your name  
It's something faint  
This is not a place, not yet awake  
I'm raised of make Still alive, who you love  
Still alive, who you love  
Still alive, who you love In a mother, out a moth  
Furling forests for the soft  
Gotta know been lead aloft  
So I'm ridding all your stories  
What I know, what it is  
Is pouring, wire it up You're breaking your ground
