

# Disconnect The Dots

## Smash Mouth

Today you sat up half asleep and stared  
Into this cluttered empty apartment and died  
What the where the how the why the hell  
You can watch your step and still you'll never see the mines Stay up man don't drown  
It's time to go to town  
Today is just another yesterday  
You're back in the game again  
You're going to win it in the end  
Disconnect the dots and be on your way Every day I see you sinking low  
Dragging around like it's the end of the world  
She's gone she's gone she's gone man let it go  
Cause in the end she didn't turn out to be much of a girl Stay up man don't sink  
Before you have time to blink  
Your number one will walk through the door and want to play  
You're back in the game again  
You're gonna to win it in the end  
Disconnect the dots  
Disconnect the dots and be on your way Thought you had it good so secure so sure  
Looking at the map and didn't see the detour  
D.I.V.O.R.C.E. or something of that sort  
Disconnect the dots my man the ball's in your court  
Get yourself a shave and put on your best hat  
The world is your aquarium and you are the cat  
So dive right in and don't forget to swim  
You're back in the game again Stay up man don't drown  
It's time to go to town  
Today is just another yesterday  
You're back in the game again  
You're gonna to win it in the end  
Disconnect the dots  
Disconnect the dots  
Disconnect the dots and be on your way
