

# Never Be Alone

## Molotov Cocktail Piano

I've waited a lifetime  
For someone like you to come along  
You are my lifeline  
You're the one that saved my soul  
There is nothing that can tear this love apart  
'Cause I knew you were my angel from the start

Baby you, you take my breath away  
That's why you, you'll never be alone  
Only you make my world a better place  
That's why you, you'll never be alone

There's something about you  
The way that I feel when we're alone  
I can't live without you  
I will never let you go  
There is nothing that can tear this love apart  
'Cause I knew you were my angel from the start

Baby you, you take my breath away  
That's why you, you'll never be alone  
Only you make my world a better place  
That's why you, you'll never be alone
