## Trashkids

My heart it is eternal and my soul it often flies  
You can see it in the evenings soaring through the skies  
And it takes me close to madness, though it never really tries  
I've crossed a million rivers and I've walked a million miles  
I've kissed a holy angel and I've tried to show some style  
I never even questioned how I know it's all worthwhile  
But I'm gonna make it through and I'm gonna do it all  
And I'm gonna make it through and I'm gonna do it all  
And I'm gonna make it through and I'm gonna do it all  
I will fall

My legs they get so tired and my head it often screams  
You can hear the thoughts all turning, overload of fears and dreams  
I don't mind the sting of feeling but it burns when I'm empty  
I'll ride the road I've chosen and at times I know I'll fall  
I have nothing to lose now so I want to taste it all  
Wintertime in Glendale 'til the next location calls  
But I'm gonna make it through and I'm gonna do it all  
And I'm gonna make it through and I'm gonna do it all  
And I'm gonna make it through and I'm gonna do it all  
I will fall

I'm gonna make it through and I'm gonna do it all  
And I'm gonna make it through and I'm gonna do it all  
And I'm gonna make it through and I'm gonna do it all  
I will fall

I'm gonna make it through and I'm gonna do it all  
And I'm gonna make it through and I'm gonna do it all  
And I'm gonna make it through and I'm gonna do it all  
I will fall

Well, there's no one left but you now, babe  
Got to say that it's your call

I'm gonna make it through and I'm gonna do it all  
And I'm gonna make it through and I'm gonna do it all  
And I'm gonna make it through and I'm gonna do it all  
I will fall
