What I Can Do for You

The Czars

Are you angry, 'cause you're not doing what you wanna do?
I understand that, 'cause that's the way that I am feeling too
Are you exhausted? Your mind is always working overtime
I can see it in your eyes baby, but everything is gonna work out fine

I don't know what I can do for you, but I can make sure that you're not lonely too and hold you for a while (x2)

I really sorry that, I hurt you with things I said to you
But when I'm down and being hard on myself, the words just come out wrong
I will defy my fears and keep on going, so I can be someone that's there for you
I don't want to keep myself from knowing, if I can make it on my own

I don't know what I can do for you, but I can make sure that you're not lonely too and hold you, for a while (x2)
I don't know what I can do for you, but if you give me the chance I think that I can prove I love you, if only for a while
