

# Soul Song

**Tanya Tucker**

Mhm mhm mhm

[ guitar ] You're my soul song my everything-that-I-do song  
My pick-me-up-when-I'm-blue song that's why I sing all the time  
You're my soul song and that's why I call you my solid-gold song  
Nothin' in the world could ever go wrong as long as you are mine  
Never in the world have I seen anybody like you in all my time  
You give me a feel good feelin' through and through and it's so fine  
I'm up with the sun cause I don't wanna waste it

I love you so much I can almost taste it  
I can sit still when I look up and see you comin' I start hummin' hmm  
You're my soul song my keep-me-safe-from-all-harm song  
My shelter-from-all-storm song that's why I sing all the time  
You're my soul song my keep-me-warm-when-I'm-cold song  
Nothin' in the world could ever go wrong as long as you are mine  
You're my soul song...
