Too Dramatic

Ra Ra Riot

On my black feet
I run with all my heart
To black shores and rivers
In spite of all I feelYou're too dramatic
I don't understand itDon't listen when you're weary
Oh, but I wanna talk about it
You and me weren't made for that I'm sureRunning miles
It doesn't stop for you
It doesn't stop for, ahhyaCause you're too dramatic
I don't understand it
Out of the static
Cause you're too dramatic, ahh yay aahYou know I couldn't live here that way, you've said it before
He left Cincinnatti, just sixteen
Oh how does it feel boy, I know, I guess
Oh, that theres nothing honest, honest all that matters is thatYou're too dramatic
I don't understand it
Out of the static
Cause you're too dramatic ahh yay aahBut the people I knew
Don't matter to me anymoreCause you're too dramatic
I don't understand itYou're too dramatic
I don't understand it
Out of the static
Cause you're too dramatic, ahh yay aah
