One Must Fall

Stratovarius

Take all that I have left
Take everything I have spared for youTear down all my veils
Tear down 'til you see my naked coreBurn down my Eden
Burn down all that I had built for youSave me-it is all that I have
Spare me-or we all will be damned
Save meOne must fall- and stay in the shadow
There's no thrall- no hope, no salvation
One must fall- under the black rainbow
Fight no more and maybe there is a better day
But in the end no one will be savedBring down the rain on us
Bring it down so we can drown in the floodHarvest the seeds I've sown
Harvest until you have drained my bloodSave me- what are you fighting for?
Spare me- or there's no tomorrow
Save me- your reign is no more
Save meOne must fall- and stay in the shadow
There's no thrall- no hope, no salvation
One must fall- under the black rainbow
Fight no more and maybe there is a better day
But in the end no one will be savedBut in the end no one will be saved!
