Get Over It

McBusted

Everybody says that i'm a mess cause you left
i should be moving on, on, on,
Can't get out of bed n get dressed,
crazy,obsessed but i cant believe you're gone, gone, gone,You left me high and dry, wasting time, got to pick myself up
and stay out all night, singing...
Get up, get up, get up, get over it,
Get up, get up, get up, get over it,
Get up n get over it, get up and get over it.
Get up, get up, get up, get over it,
Get up, get up, get up, get over it,
Get up n get over it, get up and get over it.
When you're down, down, down, down, down, get up and get over it.Everybody says that you're doing just fine, and thats so hard to take, take, take,
So i guess that it's my fault that you left
coz you're telling my friends,
i was just a big mistake, just a big mistakeYou left me high and dry, wasting time, have to pick myself up n stay out all night, singing...
Get up, get up, get up, get over it,
Get up, get up, get up, get over it,
Get up n get over it, get up and get over it.
I'm singing..
Get up, get up, get up, get over it,
Get up, get up, get up, get over it,
Get up n get over it, get up and get over it.
When you're down, down, down, down, down, get up and get over it.I know that we can never go back, you told me that you never want that,
i get that, its clear that, you're better on your own,
It's been so long since we broke up, now it's about time i woke up,
we broke up, we broke up, i guess i gotta let you go.Get up, get up, get up, get over it,
Get up, get up, get up, get over it,
Get up n get over it, get up and get over it.
I'm so over it,
Get up, get up, get up, get over it,
Get up, get up, get up, get over it,
Get up n get over it, get up and get over it.
I'm so over it,
Get up, get up, get up, get over it,
Get up, get up, get up, get over it,

Get up n get over it, get up and get over it.
Im over it,
Get up, get up, get up, get over it,
Get up, get up, get up, get over it,
Get up n get over it, get up and get over it.
I was down, down, down, down, down but im up and im over it.
