

Make My Head Go Pop

Roxette

I don't know much about you but I'm pretty sure I wanna be with you

I haven't got a clue what is wrong, what is right, what is left to do

I read a magazine, I watch TV screen

I dive into a dream only to find me in love with you

I wish you'll never stop to make my head go pop

You make my head go pop pop p-pop pop pop

Every time you're around

It's a pleasant valley Sunday and every thing seems to be beautiful

People go to church but I'm found contemplating by the swimming pool

I'm gazing at the sun, I watch him bringing joy to everyone

I feed the ducks with a bun only to find me in love with you

I wish you'll never stop to make my head go pop

You make my head go pop pop p-pop pop pop

You make my head go pop pop p-pop pop pop pop

Every time you're around

Press to play and never stop to make my head go pop

You make my head go pop pop p-pop pop pop

Every time you're around

Make my head go pop pop pop

Make my head go pop pop

Go pop pop

I feed the ducks with a bun only to find me in love with you

I wish you'll never stop to make my head go pop

You make my head go pop pop p-pop pop pop

You make my head go pop pop p-pop pop pop

Every time you're around

Press to play and never stop to make my head go pop

You make my head go pop pop p-pop pop pop

Every time you're around

You make my head go pop

You make my head go pop

You make my head go pop pop p-pop pop pop

You make my head go pop
