

Energy

Big K.R.I.T.

[Chorus]

I need your energy

I need your energy

This world is killing me

Light it up (Light it up, light it up, light it up, light it up)

If you feelin' me, I feel

Light it up (Light it up, light it up, light it up, light it up)

If you feelin' me, I feel

Light it up (Light it up, light it up, light it up, light it up)

If you feelin' me, I feel

Light it up (Light it up, light it up, light it up, light it up)

If you feelin' me, I feel

I need your energy

[Verse 1]

Hot life, hot life, hot tie, don't drown

Big breath, taste stale, stay cool

When I'm down, dead vibe

That's right, on top

That height, I fly, skydive

High-five, we won't die

See hope, see drive, see why

In my eyes, win big, win life

Take off, bye bye

No slip, black eyes

Big shooter, lit fly

Don't stop, must try

Energy, that's why

I'm doing the most

In the middle of the road or runnin' the globe

I'm fightin' for doors to give everything back what they owe

So close, don't fold, live bright, live bold

Kick back, get close, light it up, light it up for yours

[Chorus]

I need your energy

I need your energy

This world is killing me

Light it up (Light it up, light it up, light it up, light it up)

If you feelin' me, I feel

Light it up (Light it up, light it up, light it up, light it up)

If you feelin' me, I feel
Light it up (Light it up, light it up, light it up, light it up)
If you feelin' me, I feel
Light it up (Light it up, light it up, light it up, light it up)
If you feelin' me, I feel
I need your energy[Verse 2]
This what they want (Want), this what they need, this what we on (On)
Took it worldwide and brung it back home, turn it on (Energy)
Never been scared (Scared)
Always prepared, taking you there (There)
You need to be here, hands in the air, yeah, yeah (Energy)
Bossed up, flossed up, fly like a saucer, live in the moment (Moment)
Get it, get it, own it (Own it)
Live it, breathe it, zone it (Zone it)
No time to waste (Waste)
No time to slow down when we out on the chase (Chase)
Don't be pumping your brakes (Brake)
When you come over, nothing, I'm doing what it takes (Takes)
Dodging these gunshots man, still gotta stay focused
Ain't no sleep, stay woken, gotta keep your eyes open
When all of my energy gone (Gone)
Don't leave me out on my own (Own)
Don't leave me all on my own
Light it up, light it up, light it up, light it up[Chorus]
I need your energy
I need your energy
This world is killing me
Light it up (Light it up, light it up, light it up, light it up)
If you feelin' me, I feel
Light it up (Light it up, light it up, light it up, light it up)
If you feelin' me, I feel
Light it up (Light it up, light it up, light it up, light it up)
If you feelin' me, I feel
Light it up (Light it up, light it up, light it up, light it up)
If you feelin' me, I feel
I need your energy[Outro]
