

# The Forbidden Zone

**G.B.H.**

In the desert with a bottle of JD  
The red pipe glows with lines of C  
Things are normal but they won't be soon  
Hairy monsters in the next room  
Frogs heads and midgets going oingo boingo  
Take my hand and we'll explore  
The forbidden zone  
When you're in your own tree  
But don't know if anybody's home  
Thugs in lingerie greet you  
Bitch queens with tattoos eat you  
You haven't got a watch but it's nearly four  
And there's armed police knocking at your door
