

Diy

Keep Shelly In Athens

Ye that think that all is well
Throwing fires here and there
All get in the same path
'cause salvation will not come You forestall last train
Vain flares are the constraint
Please get real somehow
'cause salvation will not come
Oh you, miraculously get tidied up
Take off and do what's right, now
You may dream of glory
Shabbiness is your story
You may don't know otherwise
Well, at least you should try
You see, the chains are breaking
Even life is counterfeiting
You should think it over
'cause salvation will not come
Oh you, miraculously get tidied up
Take off and do what's right, now Nah, it can't be worse
Nah, you must be false
Nah, pathetic me
Nah
Nah, it can't be worse
Nah, you must be false
Nah, pathetic me
Nah
