

# Can't

## Baxter

I can't say a thing  
It might show too much  
I don't want it to Don't want it to  
Don't want it to and  
I can't do a thing It might say so  
It might save me, though  
It might save me I can't do a thing  
I might say so  
I don't want it to Go on and to go on  
And to go on and to I say no  
It doesn't feel the way I want to  
I don't know what I'm supposed to do at all I say no  
It doesn't feel the way I want to  
I don't know if it is wrong for me to say so Can't tell you about  
I might say so  
How I read you now?  
How I read you? Won't tell you a thing  
I might say so  
Can't tell you a thing  
'Cuz it might be the wrong direction For the one I want  
I will return back  
For the one I wanna have  
I will return back again I will return back again  
For the one I wanna have  
I will return back  
For the one I want I say no  
It doesn't feel the way I want to  
I don't know what I'm supposed to do at all I say no  
It doesn't feel the way I want to  
I don't know if it is wrong for me to say so I say no  
It doesn't feel the way I want to  
I don't know what I'm supposed to do at all I say no  
It doesn't feel the way I want to  
I don't know if it is wrong for me to say so
