Butterfly

RADIORADIO

Somebody tell me now if you know better
Somebody tell it's all in my head
I guess I was hoping trouble it would find meI saw you move I think the whole world saw you
I knew I was the only one who could
If you would come to me, come closer to me
I wouldAnd the rumor they say I am far too young
But the closer we dance the more I become
ButterflyI felt the eyes I saw the broken whispers
I heard the people and their wicked tongues
I guess I was hoping to come a little undoneI know somewhere out there the world is waiting
To take me from you take me if you can
I'm not in love with you
and I'm not in love with them
I amAnd the rumor they say I am far too young
But the closer we dance the more I becomeAnd you live
And you lie
And you chase
