

# Chain Reaction

## Ke\$ha

Action  
Chain reaction-action  
Chain reaction-actionI feel like I'm hallucinating  
Yeah you're tripping me out  
I can't control, it's you I'm craving  
I can just tell you're downCome get me, let's get rowdy  
Boy you look so damn good on meBack to the wall  
On my silhouette  
When you walked right by  
Felt your breath on my neck  
And it felt so deep  
In a trance of a sleep  
Have I seen you before?  
Once in a dreamLike a flashback, sneak attack, chain reaction  
At the first sight you just might be the right one  
You got something and again like a rerun  
Try but can't explain this chain reactionYou hit me like a shot of whiskey  
You got me walking sideways  
Tunnel vision feeling frisky  
Want to get you stuck on replayI don't fall like this  
I must confess you cast a spell up on meShadows of us in the room of sweatYou took my hand to the back and  
left  
And it felt so deep  
In a trance of a sleep  
Have I seen you before?  
Once in a dreamLike a flashback, sneak attack, chain reaction  
At the first sight you just might be the right one  
You got something and again like a rerun  
Try but can't explain this chain reactionOhhh ohoh, chain reaction  
Spin me around, all around  
Oh feels like a lifetime  
(I've been waiting)  
One time I look goes down  
Then they all hit the ground  
(And not deliberating)  
It all happens for a reason right?  
Guess there's no need to fight it right?  
Cause one thing leads to another,  
Leads to another, leads to anotherLike a flashback, sneak attack, chain reaction

At the first sight you just might be the right one

You got something and again like a rerun

Try but can't explain this chain reactionChain reaction, this chain reaction

Chain reaction, this chain reaction

Chain reaction, this chain reaction

Chain reaction, this chain reaction
