

One Note Man

The Youngbloods

I am a one note man
I play it all the can
In this life of mine
This life of mine
I play it all the timeHappiness and pain
Walking in the winds and the rain
And the skies are blue
The skies are blue
Laughing and a-loving with youI am a one note man
I play it all I can
In this life of mine
This life of mine
I play it all the timeTime passes *****
Hoping time *****
Telling all its dreams ???
All its dreams ????
What tomorrow brings ???
