

Mean Mistreater

Ottile Patterson

She's a mean mistreater
And she don't mean me no good
She's a mean mistreater
And she don't mean me no good Well you know, I don't blame you baby
I'd be the same way if I could She's a mean mistreater
And the girl mistreats me all the time
She's a mean mistreater
And the little girl mistreats me all the time Well you know, you just wants to quit me darlin'
Because you got that on your mind Well, you remember that Monday mornin'
That I knocked up, up on your door
You had the nerve to tell me that you didn't love
Me no more Can't you remember baby
When I knocked up on your door?
Well you know, you had the nerve to tell me that you
That you didn't love me no more Well you know, it's lonesome, you know, it's lonesome
When you sleepin' all by yourself
The little girl that you lovin'
She lovin' someone else And it's lonesome sleepin' by yourself
Well you know
The little woman that you in love with now
She is loving someone else
