

Knock Knock

The Hives

This time you got it all figured out
Think it's gonna work okay but I'll make sure
It won't because I'll be standing in your way

So wait a minute if you will
I got no time but time to kill
When the ground starts getting hot
It doesn't matter if you run or not.

This time you've seen it done before
This time you're gonna get it right
Once more you fail miserably and then
Then you do it all over again

So wait a minute if you will
I got no time but time to kill
When the ground starts getting hot
It doesn't matter if you run or not.

You're once a failure and twice a fool
I will, knock knock
If you won't, knock knock
You're damned, knock knock
If you don't, knock knock
You did fine, knock knock
Now you're mine, knock knock

You avoided everything except for me
I'm busting in won't pick the lock I'm busting in
Knock knock
I've seen your sort before
You're nothing new because my name is failure
And failure is gonna come to you

Save me oh and I will
This time I got the time to kill
When the ground starts getting hot
It doesn't matter if you run or not.

You're once a failure and twice a fool

I will, knock knock
If you won't, knock knock
You're damned, knock knock
If you don't, knock knock
You did fine, knock knock
Now you're mine, knock knock

I'm busting in won't pick the lock I'm busting in
Knock knock
