

# Think It Over

Zed

Don't change  
Whatever you do  
You might turn around and hurt somebody new And if you'll stay  
I'll stay with you  
We could turn this round with all that we've been through So don't take what they're giving you  
Can't change what you can't undo  
Stop thinking it over  
Don't take what they're giving you  
Can't change now you know it's true  
Stop thinking it over . . .  
Don't change  
Whatever you do  
You might turn around and hurt somebody new So don't take what they're giving you  
Can't change what you can't undo  
Stop thinking it over  
Don't take what they're giving you  
Can't change now you know it's true  
Stop thinking it over . . . Run for cover  
They're taking over  
But it's just another ordinary day  
Don't let them tell you  
Some may suffer  
So we can prosper  
But it's just another ordinary day  
So don't take what they're giving you  
Can't change what you can't undo  
Stop thinking it over  
Don't take what they're giving you  
Can't change now you know it's true  
Stop thinking it over . . .
