Survival Expert

Something for Kate

The regular inversions of these chords will suffice, however.

Em Am
I like the way you survive
G Em
Just keep blowing at that pretty blue flame that?s burning you alive
F
It?s time
Am Em
It?s just time

|| This chord progression continues for all of the subsequent verses ||

The shifting shorelines hidden hands
Might show you one black feathered wing sticking up from the sand
But you?ll still fly
You?ll still fly

So take a camera from the pile
And if it speaks less than a thousand words yeah if it tells a lie
You?re right
You?re always right

Before new day arrives
We?ll leave our buried shoeboxes, our capsules filled with time
And come alive
We?ll come to life

Em Cmaj7
Ooh.

So take a camera from the pile
And if it speaks less than a thousand words yeah if it tells a lie
You?re right
You?re always right

Before new day arrives
We?ll leave our buried shoeboxes, our capsules filled with time
And come alive

We?ll come to life

So will you hold your head up
When you?re not even sure where your next moments coming from
It?s you
It?s just you
