Tied To the 90'S

Travis

We're tied to the 90's
In the middle
I'm terribly frightened
I'm takin' it fast
Takin' it slow
There's thunder and lightning
It's terribly frightening
Lord knows
Where it goes
But I know
That if so
Well I want to tell you
We're tired of the 90's
We're tired of the 90's
But we're tied to the 90's
Tied to the 90'sRemember the 80's?
(they were something)
Were worse than the 90's
We're stuck in a path
Where fashion is fast
And nothin' is lasting
Its all ghetto blasting
And Lord knows
Where it goes
But I know
That if so well I want to tell you
We're tired of the 90's
We're tired of the 90's
But we're tied to the 90's
Tied to the 90'sAh oh no
It's nothing to go on
The hifi five alive
That's it I'm stayin' in bed
'til my hair falls out
Everything's over
That said I like my wig
And I hate myself
I know its all in my head
We're tired of the 90's (x3)

But we're tied to the 90's
Oh we're tied to the 90's
We're tied to the 90's
We're tied to the nines
Tied to the nines
Tied to the 90's
