

# You Could Lose Me

## Angel

Forty has got you turning green  
You talk too loud and you run around all night  
You tell lies but your eyes don't show it  
I've had enough and I think you know it  
You better change your ways or I'll change my mind 'Cause don't you know you could lose?  
Yes, I said you could lose me  
You could lose  
Yes, I said you could lose me Lately, you dress to cause a scene  
In a fashion race with a passive look on your face  
You shake you hips 'cause you like to show it  
A little smile just to let them know it  
You better listen close to what I have to say 'Cause don't you know you could lose?  
And yes, I said you could lose me  
You could lose  
Yes, I said you could lose me Well, I think I told you that I want to hold you  
But I can't afford to let you walk away  
'Cause my heart is aching, I can feel it breaking  
From the love you're taking  
I'm not used to feeling like I do Anyway, every day after day  
Though you said you would stay  
Can't you see what you're doing to me? Don't you know you could lose?  
Yes, I said you could lose me  
You could lose  
Don't you know you could lose me? Yes, I said, you could lose  
Don't you know you could lose me?  
You could lose  
Don't you know you could lose me? Yes, I said, you could lose  
Don't you know you could lose me?  
You could lose  
Don't you know you could lose me?
