Anagaton

Necrodeath

Panic invades the safety images of fear
Hatred in all of you coming from hell
Anagaton invincible destructor
Feel supreme or live in sorrow with god
Last despair supplication Christianity claims
Worshipping unholy priest a black belief
Anagaton despoiler of faith
Feel supreme or live in sorrow with god[sub-chorus:]
I'm the master alone and disregardedAnagaton invincible destructor
Feel supreme or live in sorrow with god[Chorus:]
I'm the master alone and disregarded
Embraced by evil I wanna rip your soul outDenying the cross, rising the flag
Bleeding in terror, disgusting the light
Disgusting the holy light!Anagaton invictus et magister
Anagaton turba sui tremorque ludi
Anagaton vincere nec ferire doctus
Anagaton belligera sperbus hasta[Chorus:]
I'm the master alone and disregarded
Embraced by evil I wanna rip your soul out
