

# Anagaton

## Necrodeath

Panic invades the safety images of fear  
Hatred in all of you coming from hell  
Anagaton invincible destructor  
Feel supreme or live in sorrow with god  
Last despair supplication Christianity claims  
Worshipping unholy priest a black belief  
Anagaton despoiler of faith  
Feel supreme or live in sorrow with god[sub-chorus:]  
I'm the master alone and disregarded Anagaton invincible destructor  
Feel supreme or live in sorrow with god[Chorus:]  
I'm the master alone and disregarded  
Embraced by evil I wanna rip your soul out Denying the cross, rising the flag  
Bleeding in terror, disgusting the light  
Disgusting the holy light! Anagaton invictus et magister  
Anagaton turba sui tremorque ludi  
Anagaton vincere nec ferire doctus  
Anagaton belligera sperbus hasta[Chorus:]  
I'm the master alone and disregarded  
Embraced by evil I wanna rip your soul out
