

I Love You Baby

Johnny Horton

I love you baby, I don't mean maybe
You drive me crazyWell, I'm begging you on my hands and knees
 Keep a loving me, baby please
 I've been with you both night and day
Even while your awayYeah, I love you so much inside it hurts
 Even though it's your heart that flirts
 I love you, baby, I don't mean maybe
You drive me crazySometimes you say you don't love me
 How do you think I feel?
 My poor heart would surely break
If I knew your love's not realWell, I'm begging you on my hands and knees
 Keep a loving me, baby please
 I love you baby, I don't mean maybe
You drive me crazyI love you baby, I don't mean maybe
You drive me crazySometimes you say you don't love me
 How do you think I feel?
 My poor heart would surely break
If I knew your love's not realWell, I'm begging you on my hands and knees
 Keep a loving me, baby please
 I love you, baby, I don't mean maybe
You drive me crazyI love you, baby, I don't mean maybe
 You drive me crazy
I love you baby, I don't mean maybe
