

Change My Pants (I Don't Wanna)

The Vandals

I don't wanna change my pants Not gonna change my pants Never change... I'm on
fire tonight my pants are fitting right Gonna rock & roll tonight, alright I
don't wanna change my pants Never change... I'm back in brown again they are
my trusted friend You said they looked good last week so I wore 'em again
today I don't wanna change my pants Not gonna change my pants Never change...
You can change my shirt, you can change my mind, but don't fuck with my pants
These pants represent a symbol of my individuality and my belief in personal
freedom Come on I'll show you how pants don't fail me now wanna make sweet
love to you...pants I don't wanna change my pants Not gonna change my pants
Never change... Every guy grab a girl everywhere around the world Don't change
your pants, never change your pants It's Saturday night I'm feelin' alright
Don't change your pants, never change your pants Got a monkey on my back Don't
change your pants, never change your pants Baby (x16) You know I'm born to
lose, 'cause gamblin's for fools Don't change your pants Walkin' down the
street, everyone I meet Don't change your pants, never change your pants etc.
