

Away

Whitney Duncan

Give me a map, give me a road
Take me upon the winds that blow
The fields of dust, the fields of goldI've seen how finest colors fade
The music go to yesterday
We can't revive what can't be savedA way, there's got to be a way
'Cause it seems that I can't stay
Away from youI'm tired of all my compromise
It's time for me to fight
Away from youYou were the brightened northern star
The perfect temporary scar
The best in words and still you areYou were the center of the sun
The smokin' barrel of a gun
All my goal's rolled into oneA way, there's got to be a way
'Cause it seems that I can't stay
Away from youI'm tired of all my compromise
It's time for me to fight
Away from youA way, there's got to be a way
But it seems that I can't stay
Away from youI'm tired of all my compromise
But it's time for me to fight
Away from you
