

Last Time

Bumblefoot

How does she break me down

Why am I still around?

Piece by piece till I fall

When did I lose my ballsI'm not gonna think about it - this will be the last time

Sobsodded and broken-hearted, well this will be the last time

So stop tryin' to get me started, cause this will be the last time

 This will be the last time, This will be the last time

 That I will think about...All the ways ya pushed me down

 Held my face to the ground

 Eating dirt once again

Somethin' when you smile ya do me inI'm not gonna think about it - this will be the last time

Sobsodded and broken-hearted, well this will be the last time

So stop tryin' to get me started, cause this will be the last time

 This will be the last time, This will be the last time

 That I will think about youI try so hard

 But the good's just a little too good

 You push me too far

 But the good's just a little too good

 This is where we are

Cause the good's just a little too goodHow does she break me down

 Why am I still around?

 Piece by piece till I fall

When did I lose my ballsI'm not gonna think about it - this will be the last time

Sobsodded and broken-hearted, well this will be the last time

So stop tryin' to get me started, cause this will be the last time

 This will be the last time, This will be the last time

 That I will think about you
