Go

Delilah

I've been waiting for you
It's been so long
I knew just what I would do
When I heard your song
The next thing I felt was you
Holding me close
What am I gonna do
I let myself go
Nothing left to say
Take my breath away
Whispering your name
Tie me up in chains
No one puts it down like me
Strength I could have known
Make me beg for more
Climbing up the walls
Banging down the doors
Knowing that you hear my scream
But oooh your love's so cruel
You make wanna go, go, go, go, go oooh
Oooh all the things you do
You make me wanna go, go, go, go, go, go oooh
Captured effortlessly
That's the way it was
Happened so naturally
I did not know it was love
You fill my heart with a kiss

You give me freedom
You knew I could not resist
I needed someone
Nothing left to say
Take my breath away
Whispering your name
Tie me up in chains
No one puts it down like me
Strength I could have known
Make me beg for more
Climbing up the walls

Banging down the doors
Knowing that you hear my scream
But oooh your love's so cruel
You make wanna go, go, go, go, go oooh
Oooh all the things you do
You make me wanna go, go, go, go, go, go oooh
Because who are you?
To make me oohoh
And it's you-ooohhhh
Ay-ooohhh
Ahhhh
And you go, and you go
Oooh your loves so cruel
You make wanna go, go, go, go, go oooh
Oooh all the things you do
You make me wanna go, go, go, go, go, go oooh
