

In and Out of Love

Heavy Pettin

I understand your meaning.
I take your point, little girl.
You always said I'm bad, girl.
Ticket is on the store.

I don't control the system,
that makes your body swear.
Ooh the one, you love me,
every night, everywhere.

(In and outta love)
She told me she loved me.
(But love is not enough)
woo, lead me away
(In and outta love)
I've got all the pieces.
She can't hear a word that I say.
(Nothin' that I say)
In and outta love
(Nothin' that I say)
In and outta love

I only wanted your body.
I only wanted a squeeze.
Ooh the one, I'm in love, girl.
See some action with you.

I need a woman that's right,
so get down on your knees.
In the middle of the night,
you'll be beggin' me please.

(In and outta love)
She told me to love her.
(But love is not enough)
woo, lead me away
(In and outta love)
I've got all the pieces.
She can't hear a word,

C'mon, c'mon, c'mon, Let it go.

SOLO

(In and outta love)
She told me to love her.
(But love is not enough)
woo, lead me away
(In and outta love)
I've got all the pieces.
She can't hear a word,
nothin' that I say.
(Nothin' that I say)
In and outta love...that's what I say
(Nothin' that I say)
Lovin' in and outta love
(Nothin' that I say)
She told me to love her.
(Nothin' that I say)
She took me in and out of love.
(Nothin' that I say)
